

BBS Next Generation Mentoring Scheme

Shape the next generation of quantitative scientists

In partnership with BBS Suisse Romande

Become a mentor in the BBS community, connecting people across companies and institutions. Share your experience, gain fresh perspectives, and help shape the next generation of talent in biometrics.

Why mentor?

Mentor and develop emerging talent

Gain fresh perspectives and ideas

Give back to your community

Sharpen your coaching and leadership

Build cross-organizational connections

Commit just one hour a month

“Very inspiring to hear from new talents about their challenges, observations and visions.”

— Mentor, 2025 cohort

“I particularly appreciate having a mentor from another company. I get a perspective from a different working culture, and I feel more free to speak up. Well done!”

— Mentee, 2025 cohort

Interactive workshop kicking-off the 2025 mentoring cohort.

How does it work?

We pair you with a mentee from another organization based on shared interests. You choose to meet online or in person for one hour per month over six months. This mentoring scheme is a confidential, two-way exchange, **not** a training or recruitment platform.

Who are we?

Founded in 2022, BBS NextGen empowers the next generation of quantitative scientists through events focused on soft skills, career development, and networking. Follow us on LinkedIn to stay connected and hear about upcoming events!
